## PROFILE SUMMARY

Frontend Developer with expertise in HTML, CSS, JavaScript, React.js, and Redux. Experienced in creating responsive, user-focused web applications with emphasis on clean code, performance, and usability. Currently working as a React Intern at Bridgeon Solutions, gaining practical experience in scalable frontend development. Committed to continuous professional growth and staying current with emerging web technologies.

## WORK EXPERIENCE

**Bridgeon Solutions.LLP** 2025 - PRESENT  
Front-end Developer - intern

## PROJECT

### Mens Fashion E-commerce Website React.js, Tailwind.css, Json-Server.

- Comprehensive E-commerce Platform – Designed and developed a feature-packed online store for Men Clothing, integrating product catalog, cart system, wishlist, and secure checkout for a smooth user journey.
- Admin Dashboard & User Controls – Built a powerful admin interface to manage products, orders, and users, including features for blocking/unblocking accounts, updating product details, and monitoring order status.
- Modern Frontend Architecture – Developed with React.js and Redux for robust state management, styled with Tailwind CSS to ensure a responsive, clean, and user-friendly experience across all devices.
- Efficient Backend Setup – Leveraged JSON Server for lightweight API prototyping, enabling fast handling of product data, cart operations, and user activities during development.
